

# Comprehensive Operational Audit Report

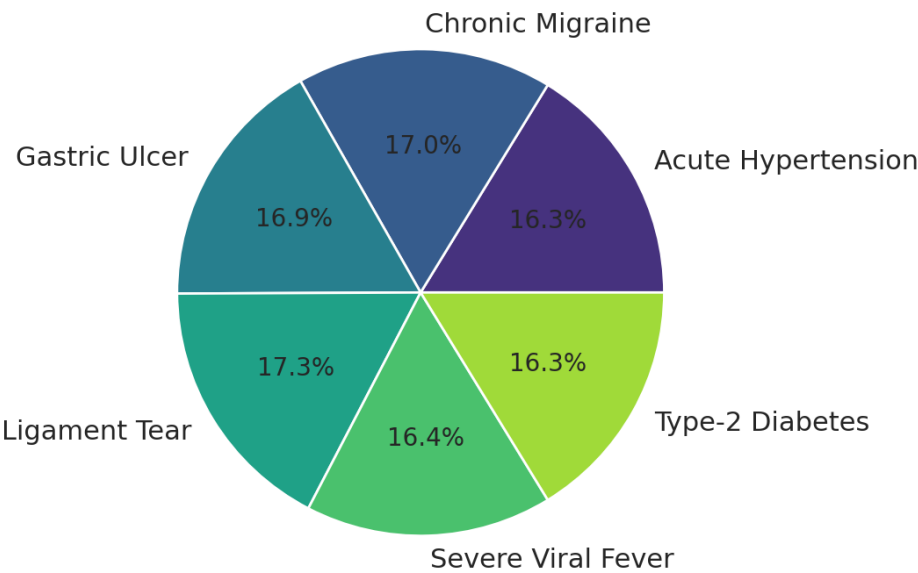

Strategic Insights for Enterprise Performance Management

**Marketing Insight:** Google Search Ads remain the high-yield engine for enterprise pipelines, maintaining a 2.61x ROAS.

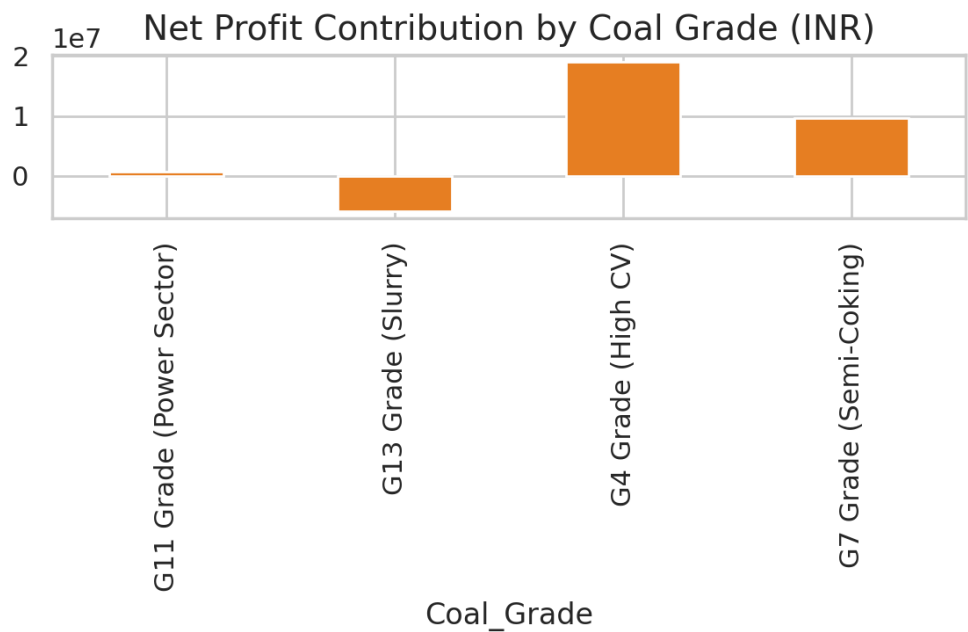

# Healthcare Revenue Analysis

Hospital Admission Billing by Diagnosis

**Hospital Diagnostic Profile:** Case volume is balanced, with Severe Viral Fever and Ligament Tears leading the billing inflow.

# Coal Commodity Trading Performance

**Operational Alert:** G4 Grade coal drives the portfolio profit. G13 Grade is currently operating at a structural deficit due to excessive Clean Energy Cess overheads.
